1792 Census for Natchez District (under Spanish Government control)

The 1792 Census for Natchez District includes areas that are now Adams County, Jefferson County, and Wilkinson County. Census was taken while Spanish Government had control of this area.

Disclaimer: We strive to provide accurate information to our visitors, however mistakes can and do happen. Reading old style handwriting is at times very difficult. "J's" can look like "I's", "M's can look like "N's" or even "W's" depending on that census taker's style of handwriting. Keep this in mind when using these records. Also, all translations of given names from Spanish to English are my own.

The data below is presented in this order: NAME - ARPENTS of LAND - NUMBER of WHITES - NUMBER of BLACKS - CENSUS SUBDIVISION. (1 arpent = about 0.84 acres)
